

Right Born From Wrong

[Verse 1]

Bad hombres were hiding
High up in their mothership
What's next when they take us
From this matrix reptile pit

[Pre-Chorus]

With our hearts we fought back
Brave stolen souls on attack!

[Chorus]

Did you hear my screams
Swing in like King Kong
'Cause slavery's no dream
How is right born from wrong?
How is right born from wrong?
Someone knew all along!

[Verse 2]

Release yourself from torture
Or they'll trick your mind again
Fear no hateful minions
Gone are their loyal friends

[Pre Chorus]

Will they stand back or aside
For only heros ride this ride!

[Chorus]

Did you hear my screams
Swing in like King Kong
'Cause slavery's no dream
How is right born from wrong?
How is right born from wrong?
Someone knew all along!

[Bridge]

—bury your past traumas
—or they'll mine that soul again
—forget all alien agendas
—because nine went to ten!
—yes nine went to ten!!!

[Chorus]

Did you hear my screams
Swing in like King Kong
'Cause slavery's no dream
How is right born from wrong?
How is right born from wrong?

{Outro]

Dare to sing in harmony
Six strings in one tapestry
How is right born from wrong?
How is right born from wrong?
Right must come from wrong!!!!
... maybe love's born from this song.
