

Too Damn Much

Can't find me on a world atlas,
But I'm a marter on a mission;
Am I here to cause pain or peace?
All depends on past soul cognition.

Because life is...

(chorus)

Too damn much.
From oceans to dry land.
Too damn much.
What's slavery's exit plan.
Too damn much.
Too damn much.
How much mercy can I stand?
It's all just... too damn much

Bold visions chase my mind around,
Like blind kids dancing with no sight;
Yet when my heart needs a beat,
All darkness blends into white light.

Because life is...

(chorus)

Too damn much.
From oceans to dry land.
Too damn much.
What's slavery's exit plan.
Too damn much.
Too damn much.
How much mercy can I stand?
It's all just... too damn much.

(bridge)

Every cliff takes me higher, watching baby birds who fly.
Nothing is impossible, as dreams soar beyond the sky.
This rapture will never die!!!!!!
This rapture will never die!!!!!!

(chorus)

(coda)

Because love is ... too damn much ... too damn much ... too damn much ... too damn much ...
too damn much
