

## “By A Thread”

{verse 1}

We had such big plans  
The world was ours for taking  
But over time, sweet dreams would be forsaken  
Now we're here, right where we are  
Wiser adults we had to become  
Not just school kids looking for fun

{pre-chorus}

Hope there's some grace that can't be undone

{chorus}

Nothing will break us  
Our bond welded in fire  
Bring on the day  
Because we ain't dead  
Even if hanging on by a thread  
Hanging on by a thread  
By a thread  
Whatever's next... I won't be misled

{verse 2}

Yes, we lost some family along the way  
Taken too soon, tragedy made us pray  
Guess it's a choice to keep on grinding  
Believing dark clouds hide silver linings

{pre-chorus}

Everything good demands perfect timing!

{chorus}

Nothing will break us  
Our bond welded in fire  
Bring on the day  
Because we ain't dead  
Even if hanging on by a thread  
Hanging on by a thread  
By a thread  
Whatever's next... I won't be misled

{bridge}

—Lord, it's been so hard—  
—you give us no guarantees—  
—so we must regrip, tie a knot—  
—hope something miraculous appears—  
—what if we don't overcome our deepest fear!?

{chorus}

Nothing dare stop us  
We're birds dancing on wires  
Oh, whatever comes today  
Let's ditch the risk and fly away  
All we need is love, faith and bread  
To stay alive even if only by a thread  
... even if only by a thread  
... yes, only by a thread  
Because no one knows what lays ahead.....

{reprise chorus}
