

Wings Out

{Verse}

From the center of creation, a gentle breeze does always blow; a truth so pure and joyful, only the righteous dare know

Between now and forever, we strive to earn God's grace; but Her mercy is boundless, beyond all time and space

{Pre-Chorus}

Just release past fears and anger
and reclaim your divine role
Cause every heart beats eternal
riding sacred ebbs and flows

{Chorus}

Take your wings out! The Kingdom's been restored!
Spread your wings out! Sing loud in a free will chord!
From noble ceiling to heavenly floor;
Live with your wings out! And watch the great eagle soar!

{Bridge}

... no explanations needed
... miracles they do appear
... as evening fades and morning dews
... all hands raise up to serve!
... we're heavens ambassadors!!!

{Chorus}

Take your wings out! The Kingdom's been restored!
Spread your wings out! Sing loud in a free will chord!
From noble ceiling to heavenly floor;
Live with your wings out! And watch the great eagle soar!

{Pre-Chorus}

—settle down now, sweet is surrender
—time to share that wealth of faith
—fly high in your safe haven callings
—love heals what time won't erase!!!!

{Chorus}

Take your wings out! The Kingdom's been restored!
Spread your wings out! Sing loud in a free will chord!
From noble ceiling to heavenly floor;
Live with your wings out! And watch the great eagle soar!

{Outro}

Healing souls from door to door
Alive and willing to serve the poor
Wings out without ever keeping score
'Til your last breath, you can give more
... victory only comes ... by knowing Christ ...
at Her core....
