

Spectacular

[Verse]

That day in the hospital,
when you were first born
I held tight my baby girl,
heaven's sake became the norm
Six pounds, seven ounces,
a work of art from head to toe
No doubt an answered prayer
Here for this world to bestow

[Chorus]

Girl, you are spectacular
Fly my little precious dove
Beautifully spectacular
Sent direct from up above
Spectacular, spectacular
I'm so blessed to feel your love

[Pre-Chorus]

In the years that followed,
Our lives would only improve
There's magic in your smile,
Funny jokes and great dance moves
I believe in you no matter what,
'Cause God's got nothin' left to prove

[Chorus]

Girl, you are spectacular
Fly my little precious dove
Beautifully spectacular
Sent direct from up above
Spectacular, spectacular
I'm so blessed to feel your love

[Bridge]

—never chase boys or perfection
—a strong bark protects soft wood
—enjoy solving your own problems
—you'll go every place you thought you could
—then round up all of dad's advice
—shatter male barriers for good!!!

[Chorus]

Girl, you are spectacular
Fly my little precious dove
Beautifully spectacular
Sent direct from up above
Spectacular, spectacular
I'm so blessed to feel your love
Just so blessed to share our love
You and me, taco ... love love love

[Outro]

Yes, daddy adores his daughter...
She's my wildest dream...
Straight grace from up above...
