Born & Bred

(intro — spoken)

"May not have come first, but I'll be the last dead... right where I was born and bred."

(verse 1)

Mother came from the city
Daddy grew up on the farm
When they met love came alive
And one year later I arrived

(rise)

Old Mission is my childhood home;
But I'm a man now—full ass grown!

(chorus)

Will never try to impress you
No reason to be well read
I'm a local from God's country
Backroom whiskey puts me to bed
Just a servant of Mother Nature
Right where I was born and bred

(verse 2)

Giving compliments ain't my way
Can't tell you who's Governor
But I know how to fire a shotgun
When bucks eat profit by the ton

(rise)

Talking sweet really ain't my thing
But give me a guitar—watch it sing!

(chorus)

Will never try to impress you
No reason to be well read
I'm a local from God's country
Backroom whiskey puts me to bed
Just a servant of Mother Nature
Right where I was born and bred

(bridge)

—Little brothers and a big sister
—Quite the farmers we became
—All tending to the land past dark
—Each of us earning our good name
—No shortcuts in the cherry game!!

(chorus)

Will never try to impress you
No reason to be well read
I'm a local from God's country
Backroom whiskey puts me to bed
Just a servant of Mother Nature
Right where I was born and bred

(coda — spoken)

"If we reach end times, hope all know I was born and bred... to be kind."

Fireflies

[verse 1]

Summertime in Michigan
Throws no common shade
It's both magical and mystical
A place where memories get made

[verse 2]

But buried deep within
Warm earth gives birth to hope
As timeless life gathers speed
Airborne beauties beyond the scope

[chorus]

Fireflies ... lighten up fading skies
Fireflies ... only nature knows the why
Fireflies ... blown away everyday
Enlightening us today
Enlightening us today

[verse 1]

Moving fast like shooting stars
How they dart above farmland
Blinking with greens and blues
An innocence constant in demand

[rise]

Nothing electrified contends!!

[chorus]

Fireflies ... lighten up fading skies
Fireflies ... only nature knows the why
Fireflies ... blown away everyday
Enlightening us today
Enlightening us today

[bridge]

— dance oh precious ones
— teach us how to overcome
— share those inner flames
— so we can enjoy your fun
— flashlights from the sun!!

[revised chorus]

Fireflies ... burning bright old past lives
Fireflies ... opening our third eye
Fireflies ... no more urgency to strive
Giving us faith enough to fly
... floating miracles up so high
... I'm in love with fireflies
... beyond all logical surmise
... finding joy in heavy sighs
... fireflies they make me cry

Northern Lights

[verse 1]

I found myself alone
A stranger, homeless, no friends
Then darkness absorbed me whole
So I looked up, saw colors without end

[rise]

And that's when I knew...
All my reckless ways had to amend

[chorus]

Can you hear the Northern Lights?
A kaleidoscope beyond the hype
Yes, can you hear the Northern Lights?
Where there lives no fear
If you shine for what's right
Like the Northern lights

[verse 2]

Only in dead silence
Does honest truth scream
Who am I big world?
A mistake or cosmic ray of eternity

[rise]

Hoping to earn my soul's sovereignty

[chorus]

Can you hear the Northern Lights?
A kaleidoscope beyond the hype
Yes, can you hear the Northern Lights?
Where there lives no fear
If you shine for what's right
Like the Northern lights

[bridge]

—born into this fight—
—never knowing why—
—being so damn polite—
—time to reach their heights!!!
—time to reach their heights!!!

[revised chorus]

I can hear the Northern Lights
Pinholed dreams dancing with delight
Yes, I can hear the Northern Lights
Where joy starts less all self-doubt
Like the Northern Lights
Enough cries into the night
Oh, let my lost story finally write

[coda]

And listen .. for the northern lights
They'll come and go,
But love's your birthright
Like the Northern Lights
Love those Northern Lights

Cherry Stand

[verse 1]

Been holding back this season
Now it's time to raise the barn
Can't make anymore excuses
Tourists love produce from a farm
Gotta roll out them pretty colors
Select berries that look just born
'Cause from the highway they'll just see,
a big grand open pushing corn

[rise]

— Easy to stop city fudgies driving by
— Show off baskets and fruit filled pies
— Give them reasons to pay in cash
— offer sweet memories to dine and dash!

[chorus]

Cherry Stand... fresh food picked by hand
Cherry Stand... bountiful yet still country bland
Cherry Stand... a roadside mart less any brand
In the pantheon of all things grand,
nothing beats a cherry stand

[rise]

— Guess us rural folk just have to understand
— Commerce is a late crop grown on God's land
— Don't know where the days begin and end
— but there's beauty here I can't comprehend!

[chorus]

Cherry Stand... fresh food picked by hand
Cherry Stand... bountiful yet still country bland
Cherry Stand... a roadside mart less any brand
In the pantheon of all things grand,
nothing beats a cherry stand

[bridge]

— Let's make hay until the sun sets—
— profit should shake from this tree—
— go line dancing after hours—
— live our own northern anthology!!

[chorus]

Cherry Stand... fresh food picked by hand
Cherry Stand... bountiful yet still country bland
Cherry Stand... a roadside mart less any brand
In the pantheon of all things grand,
nothing beats a cherry stand.
Ladies first... to quench all shopping thirst
Even the kids... enjoy what friends never did
Last comes dad... carefree like a spry Irish lad

[coda]

Because in the history of all things pure...
A cherry stand's where lost souls find their cure

Warning Signs

[verse 1]

You with me, two shells
Endless beach, no swells
Under the sun we bake cares away
So unknown, alone
Divinely chose
Can't accept summer's last day

[rise]

—Help me understand why time glides—
—Fast and free like kids on a hydro slide!

[chorus]

Touch my face, make forever rewind
Teach me trust, can life really be so kind
Guess I love you despite the warning signs
Always remember baby you were mine
Keep fighting, perfect the children's rhyme
Guess I love you despite the warning signs
Yes, I love you despite the warning signs

[verse 2]

Patiently, I'll cry
Eternity, you'll fly
But a sparkle still shines in lustful eyes
Then comes fate, who knows
Where you'll be, or we go
'Til the seed returns for love to grow

[rise]

—Bet I'll know, when your heart beats—
—as you just turn and we casually meet...

[chorus]

Touch my face, make forever rewind
Teach me trust, can life really be so kind
Guess I love you despite the warning signs
Always remember baby you were mine
Keep fighting, perfect the children's rhyme
Guess I love you despite the warning signs
Yes, I love you despite the warning signs

[bridge]

—there's magic in pure faith—
—no lose ends or fresh mistakes—
—you with me, its like old times—
—so let's leave the world behind!!

[chorus]

Touch my face, make forever rewind
Teach me trust, can life really be so kind
Guess I love you despite the warning signs
Always remember baby you are mine
Keep fighting, perfect the children's rhyme
Guess I love you despite the warning signs
Yes, I love you despite all the warning signs

[coda]

As sunlight fades, and moonlight grins
Romantically, we win
'Cause in the end, miracles can't help but begin

The Mystic - Movie Soundtrack - Lyrics

Saint Peter

[intro]

Yo ... I need heaven to hear this...

[verse 1]

Been dreaming about tomorrow for a long time
But today made me sick, there's no hope left on my vine
When I look inside myself, I see a tired, beaten man
Who never thought he'd be this weak to need a helping hand

[rise]

Because life gets harder when you play pretend

[chorus]

Saint Peter... teach my eyes 'cause they cannot see
Saint Peter... guide me through this naked journey
Saint Peter... open your gates, send some heaven down to me
Brother... I'm begging here please

[verse 2]

Now I watch the world wiz on by
Less common sense, leaders who distract and deny
My star ain't too bright, I'm down to my last cent
Feeling like I'm slow dying a violent death

[rise]

Hope things get better, just so damn hard to give my best

[chorus]

Saint Peter... teach my eyes 'cause they cannot see
Saint Peter... guide me through this naked journey
Saint Peter... open your gates, send some heaven down to me
Brother... I'm begging here please

[bridge]

— I'm lost without direction, back where it all began
— Show me some love and devotion
— Terminate all this endless grief
— Lord, believe... I'm a human angel underneath!!

[chorus]

Saint Peter... teach my eyes 'cause they cannot see
Saint Peter... guide me through this naked journey
Saint Peter... open your gates, send some heaven down to me
Brother... I'm begging here please
Saint Peter... I'm down on bended knee
No grace left ... it's just us and divinity
Saint Peter... be kind and review my life story
Look inside my soul, , judge all works and deeds

[outro]

Then please open your gates... make a little room for me...

The Mystic - Movie Soundtrack - Lyrics

Precious Fall

[verse 1]

It's madness scrolling through faces
When lover's rush with the blink of an eye
Can't find true love in dark places
On my own, so alone, why do I try

[rise]

Simple pleasures always fill my heart
Timeless moments make forever start
Living humble is the hardest part ... for me!

[chorus]

Will I find peace in your arms
Or will the fire burn me like before
Do I trust, never knowing,
if there's a tender soul for me to adore
Sharing ... love's precious fall

[verse 2]

Twelve twenty-three's when I met you
Looking back it's the time of my life
Emotions ran deep and life flew
Can't ignore, passion's roar, to think I tried

[rise]

Tender kisses erased my pain
Moonlight passion drove me past insane
Days still end, but nothing's the same ... for me!!

[chorus]

Will I find peace in your arms
Or will the fire burn me like before
Do I trust, never knowing,
if there's a tender soul for me to adore
Sharing ... love's precious fall

[bridge]

— These sad eyes can't see love alone
— Endless fear's all they've ever known
— Time I shared life's great unknown's with you!!!

[chorus]

Yes, I've found peace in your arms
And the fire can't burn me like before
I can trust, in the knowing,
that there's a tender soul for me to adore
It's you ... my precious fall
my precious fall
my precious fall
love catches all

[coda]

You're my last precious fall

The Mystic - Movie Soundtrack - Lyrics

Spectacular

[verse 1]

That day in the hospital,
when you were first born
I held tight my baby girl,
heaven's sake became the norm
Six pounds, seven ounces,
a work of art from head to toe
No doubt an answered prayer
Here for this world to bestow

[chorus]

Girl, you are spectacular
Fly my little precious dove
Beautifully spectacular
Sent direct from up above
Spectacular, spectacular
I'm so blessed to feel your love

[verse 2]

In the years that followed,
Our lives would only improve
There's magic in your smile,
Funny jokes and great dance moves
I believe in you no matter what,
'Cause God's got nothin' left to prove

[chorus]

Girl, you are spectacular
Fly my little precious dove
Beautifully spectacular
Sent direct from up above
Spectacular, spectacular
I'm so blessed to feel your love

[bridge]

—never chase boys or perfection
—a strong bark protects soft wood
—enjoy solving your own problems
—you'll go every place you thought you could
—then round up all of dad's advice
—shatter male barriers for good!!

[chorus]

Girl, you are spectacular
Fly my little precious dove
Beautifully spectacular
Sent direct from up above
Spectacular, spectacular
I'm so blessed to feel your love
Just so blessed to share our love
You and me, taco ... love love love

[coda]

Yes, daddy adores his daughter...
She's my wildest dream...
Straight grace from up above...

The Mystic - Movie Soundtrack - Lyrics

Anew

[verse 1]

There comes a time
When even saints must cry
Because they can't bear sins
Watching the helpless die

[rise]

Now we know truth must rise again
To heal broken souls
—heroic journeys never end!

[chorus]

Who knew love could fly this high
Mending bones with blackened eyes
Yet hope is so beautiful and true
Give us strength to start the world over anew
... to start the world over anew

[verse 2]

Everyone who really tries
Should have big dreams in the sky
Ain't nothing you can't loose
Except consent to be abused

[rise]

Can't blur my eyes, don't even try
I will reach my final why
—Begin anew, happily surprised!

[chorus]

Who knew love could fly this high
Mending bones with blackened eyes
Yet hope is so beautiful and true
Give us strength to start the world over anew
... to start the world over anew

[bridge]

—Who broke the first cardinal rule?
—Watching people suffer is just plain cruel
—There's only pain in needless blame
—Must we all die to begin anew?
—We all must die to begin anew!!

[chorus]

Who knew love could fly this high
Mending bones with blackened eyes
Yet hope is so beautiful and true
Give us strength to start the world over anew
... Lord, please start this world over anew!!

[coda]

We're here alive; not just survive
Guess now is our moment to arrive
No place to go; fields with room to grow
... hey maybe God is finally on our side?
... yes God is finally on our side

The Mystic - Movie Soundtrack - Lyrics

Momma Bear

[verse 1]

Feel my love sweet babies
It's just us now, wild and free
We can forge for food today
A family humans cannot slay

[verse 2]

And when the moon shines too bright
We'll hibernate 'til morning light
Born to thrive in the fresh air
Led with love by momma bear

[verse 3]

The time has come for us to roam
As we must find another home
Swim across the bay with me
We'll find lots of fresh berries

[verse 4]

And as spring comes into sight
We'll carry on with grand delight
Better days will soon appear
Promise says your momma bear

[verse 5]

Oh no! Watch the waves babies
They look fierce and tall you see
Please each of you take a paw
I'll float us safe 'til nature thaws

[verse 6]

But the lake rose to new heights
We swam and tried to make it right
Like fish in streams that aren't clear
Not close enough to momma bear

[instrumental bridge]

[verse 7]

Mercifully, I reached the dunes
Sadly my cubs did not return
I wonder if they still need me
Heaven teaches all lessons learned

[verse 8]

I still pray for their souls
Missing them as I grow old
Hope they know how much I care
I'll always be their momma bear
... yes, I'll always be their momma bear

[verse 9]

Resting here I'll wait for them
Sands so white, time's not my friend
I'll curl up high so they can see
A sleeping bear... waiting eternally

The Mystic - Movie Soundtrack - Lyrics

Mystical

[verse a]

Wandering ... around my mind
All sights and sounds, familiar signs;
Childlike ... with young friends I knew
Retracing my steps from soils I grew

[verse b]

Can't help but smile, turn them old pages
Because here—good old days never age!

[chorus]

Been looking to get home
Make past histories known
Wonderful to be young again
It's just mystical
Where space and time seem to bend
Someplace I dare not comprehend
And daydreams flow without end
Just so mystical

[verse a]

Moving slow feet on fast ground
I may never stop, asking up to go down
Here cherry trees and redwood barns
Give fresh hope to school boy charms

[verse b]

Hearing songs from the center of town
Leave me be—walking on sacred grounds!

[chorus]

Been looking to get home
Make past histories known
Wonderful to be young again
It's just mystical
Where space and time seem to bend
Someplace I dare not comprehend
And daydreams flow without end
Just so mystical

[bridge]

—whenever we love on golden days
—deepest fears they really do await
—not all prayers are meant to receive
—the price paid might be you and me!
—the price paid might be you and me!!

[chorus]

Been looking to get home
Make past histories known
Wonderful to be young again
It's just mystical
Where space and time seem to bend
Someplace I dare not comprehend
And daydreams flow without end
Just so mystical

[reprise chorus]

Colors that fate will not defend
'nothing dies where souls mend
It's just mystical ...
A magical home to make amends
Beyond anything less pretend
Just so mystical...
Life is mystical...
Yes mystical...
Supernatural...

The Mystic - Movie Soundtrack - Lyrics

Wonderland

[verse 1]

From an ocean away,
I came pure to this place
Filled with big dreams
Delicate like an antique vase
But when I saw the lakes,
Endless trees and country roads
I became so overwhelmed
Does beauty ever grow old?

[rise]

Some sights are just too much to behold!

[chorus]

Yes, I'm here in Wonderland
My mind's so clear in Wonderland
Everyone should spend more time
In Wonderland
In Wonderland
Watching sunsets dive under the sand

[verse 2]

So much adventure awaits me
Just a city girl from overseas
Even now when I phone home
Mum can't believe all that I see

{rise}

I guess there's no escaping majesty!!

[chorus]

Yes, I'm here in Wonderland
My mind's so clear in Wonderland
Everyone should spend more time
In Wonderland
In Wonderland
Watching sunsets dive under the sand

[bridge]

—it's time that I spread my wings
—go to places friends never did
—it's a gift to see nature happening
—living out songs I was born to sing!!

[chorus]

Yes, I'm here in Wonderland
My mind's so clear in Wonderland
Everyone should spend more time
In Wonderland
In Wonderland
Watching sunsets dive under the sand

[reprise chorus]

Can't believe I'm here in Wonderland
Who am I to live this grand?
Easy to see God in Wonderland
Alive and free that's just wonderland
Only here... am I who I really am
In Wonderland...
Yes, Wonderland...
Wonderland...

The Mystic - Movie Soundtrack - Lyrics

Blue

[verse 1]

So many breaths and endless sighs
Big lake waves always crash to rise
Like faded jeans on vibrant skies
How high does your imagination fly?

[rise]

— Take me to that place
— where beauty rescues grace
— and all sworn enemies embrace!

[chorus]

Blue! Baby, it's all true
Blue! Life is love renewed
Blue! Just any shade won't do
Just any shade won't do

[verse 2]

Travel on winds blowing town to town
At sunset, silence moves without a sound
Then as morning light brings us fresh air
My midnight tulips open fully aware

[rise]

— Lead me from disgrace
— where my innocence is safe
— and judgement won't scold my face!

[chorus]

Blue! Baby, it's all true
Blue! Life is love renewed
Blue! Just any shade won't do
Just any shade won't do

[bridge]

... Something borrowed, something new ...
... Spectrums demand your babies too ...
... Rivers and streams flow freely amiss ...
... As daybreak rises for that first kiss!

[chorus]

Blue! Baby, it's all true
Blue! Life is love renewed
Blue! Just any shade won't do
Just any shade won't do
Just any shade won't do

[coda]

... blue heals until romance starts anew

The Mystic - Movie Soundtrack - Lyrics

House of Light

[verse 1]

Against the storm you were brave
Firm in place, always searching with gold
In my hour of darkness,
You gave reason to survive
So I could press on,
Live through what would not die

[rise]

— A champion assigns no blame!
— As beacons shine despite the rain!

[chorus]

You are my house of light
Selfless every waking day
You are my house of light
Even when life goes astray
You are my house of light
No one I'd rather see
You are my house of light
Bedrock when I'm in need
You're my house of light... house of light

[verse 2]

Take my hand, let's run the wet sand
Yes we can ascend, overcome bad odds
Before the Earth shakes us profound
Let's give thanks,
Villains no longer hunt us down

[rise]

— The quickening is on our heels
— But only the bold will truly kneel!

[chorus]

You are my house of light
Selfless every waking day
You are my house of light
Even when life goes astray
You are my house of light
No one I'd rather see
You are my house of light
Bedrock when I'm in need
You're my house of light... house of light

[bridge 1]

— Touch these eyes so they can see
— Illuminate flaws that I don't believe
— Lead me home in the dead of night
— 'Till there's only love, no more spite!!

[chorus]

You are my house of light
Selfless every waking day
You are my house of light
Even when life goes astray
You are my house of light
No one I'd rather see
You are my house of light
Bedrock whenever I'm in need
My house of light... house of light

[rise]

— Each of us can help end the blight
— 'Cause the world must win this fight!!

[reprise chorus]

You are my house of light
Giving direction without pay
You are my house of light
So blessed to share this today
You are my house of light
Off course my ship follows gratefully
You are my house of light
Together as one, an infinite journey
You are my house of light... my house of light...house of light...house of light!

The Mystic - Movie Soundtrack - Lyrics

Into The Mystic (Cover & Dance Mix) By Van Morrison

[verse 1]

We were born before the wind
Also, younger than the sun
'Ere the bonnie boat was won
As we sailed into the mystic

[verse 2]

Hark now, hear the sailors cry
Smell the sea and feel the sky
Let your soul and spirit fly
Into the mystic

[pre-chorus]

Yeah, when that fog horn blows
I will be coming home
Yeah, when that fog horn blows
I wanna hear it
I don't have to fear it

[chorus]

And I wanna rock your gypsy soul
Just like way back in the days of old
Then magnificently we will float
Into the mystic

[pre-chorus]

When that fog horn blows
You know I will be coming home
Yeah, when that fog horn whistle blows
I gotta hear it
I don't have to fear it

[chorus]

And I wanna rock your gypsy soul
Just like way back in the days of old
And together we will float
Into the mystic

[outro]

Come on, girl
Too late to stop now
