

“One By One”

{Verse A}

The only way to heaven
Might be straight through hell
But crying out for basic dignity
Won't build stairs out of the well

{Verse B}

When from a long shadow
Does love extend its helping hand?
Where hero's arrive with zeros
Blessing all skies, oceans and lands

{Pre-Chorus}

— Giving manna away like agape's the plan!!!

{Chorus}

One by one!
Fearless in the fight
One by one!
Not measured, left or right
One by one!
Until darkness runs from the light
Until darkness runs from the light

{Verse B}

Poverty is programmed
Starvation just a hateful drought
I know it will take lifetimes
As sin's never been knocked out

{Pre-Chorus}

— but isn't everything possible absent of doubt!!!

{Chorus}

One by one!
Fearless in the fight
One by one!
Not measured, left or right
One by one!
Until darkness runs from the light
Until darkness runs from the light

{Bridge}

— let's get eye to eye with the hopeless
— close enough to own their pain
— then without taking any credit
— drop endless grace like rain
— unknown servants healing in Her name!!!

{Chorus}

One by one!
Selfless we are free
One by one!
Saving lives lost at sea
One by one!
With mercy our shameless plea
With mercy our shameless plea

{Reprise Chorus}

Yes one by one!
Throwing demons back to the sun
Just one by one!
Service never to be undone
Please one by one!
Because we know love has won
we know love has won
... love has won
... one by one
... reaching everyone
... one by one
