Sacred Fire

[verse 1]

In quiet midnight hours, a single ember glows
ancient whispers ride winds, as eternal waters ebb and flow
It touches shadows inside my chest, where a cold heart makes its home
One touch and suddenly, no longer do I feel alone

[pre-chorus]

—It's not just the heat—holy is this smoke
—as flames of hope blaze logs of solid oak!

[chorus]

Sacred fire—burn into my soul
Dancing free, never growing old
Sacred Fire—purify me whole
Warm me up 'til I truly know
Sacred fire...

[verse 2]

Through the ruins of forgotten kings
Beyond the legend of portal rings
I've watched strong bodies turn to dust
Teaching over ages—earning blinded trust!

[pre-chorus]

Forget about lore, time proves life is bleeding
Transcend us now, I can't take these beatings!

[chorus]

Sacred fire—burn into my soul
Dancing free, never growing old
Sacred Fire—purify me whole
Warm me up 'til I truly know
Sacred fire...

[bridge]

—feel our joy now vibing
—service my noble calling!!!
—pulse rate's ever rising
—love boldly surviving!!!

[instrumental solo]

[pre-chorus]

You're the spark, glowing in Gaia's eye
A courageous truth, this is hello not goodbye!

[chorus]

Sacred fire—burn into my soul
Dancing free, never growing old
Sacred Fire—purify me whole
Warm me up 'til I truly know
Sacred fire...

[outro]

Sacred fire—vet this karma as old...
Transcend time... because faith is running low...

Warm Sleeves

[verse 1]

Reaching heights above my soul
Where even the wind will not blow
Add friendships, honor and deep trust
So rock slides don't ground us to dust

[chorus]

Give me warm sleeves
To defend against all breeze
Put on warm sleeves
Say grace when in need
Wearing warm sleeves
And frostbite can't hurt me
Life's just better with warm sleeves

[verse 2]

Coca prawns stacked in my pack
The Sherpa's code is just come back
Detours end when long shadows fall
Wait to press on when morning calls

[chorus]

Give me warm sleeves
To defend against all breeze
Put on warm sleeves
Say grace when in need
Wear some warm sleeves
And frostbite can't hurt me
Life's just better with warm sleeves

[bridge 1]

— Tiny mockingbirds and oven-fresh sun
— Finding opals until the day is done
— Trails they weave, but no children run
— Can't stress enough, add layers everyone!!

[chorus]

Give me warm sleeves
To defend against all breeze
Put on warm sleeves
Say grace when in need
Wearing warm sleeves
And frostbite can't hurt me
Life's just better with warm sleeves

[bridge 2]

~~simple men require little means~~
~~the view's enough, rice and black beans~~
~~groups up and down have replaced a wife~~
~~a Sherpa's knowledge, saves gringo life~~

[chorus]

Give me warm sleeves
To defend against all breeze
Put on warm sleeves
Say grace when in need
Wearing warm sleeves
And frostbite can't hurt me
Life's just better with warm sleeves

[outro]

warm sleeves... yeah, that's all I need...
warm sleeves... when death cries for me
warm sleeves... to protect against burn
warm sleeves... from mountains we all learn
From mountains we all learn...
From mountain tops I learn...
From mountains... fools never return...

Under

[verse 1]

Under cover, so deep inside
Lives a secret, I will not hide
Past the pain, above all hate
It gives me strength to radiate

[pre-chorus]

...Under skies of sunlight blue
...Under heaven, I long for you

[chorus]

Under stars, there's an Under toe
A force so strong, only Under knows
Under us cries an ancient plea
Understand, the good life's not free
...the good life's not free
...not for you, and not for me...

[verse 2]

Harmonies in violent times
Hard to fathom and poorly rhymed
Plus victory comes to the brave
'Cause Underdog's are no man's slave

[pre-chorus]

...Under paid, unimpressed
...without breath—servants must rest!

[chorus]

Under stars, there's an Under toe
A force so strong, only Under knows
Under us cries an ancient plea
Understand, the good life's not free
...the good life's not free
...not for you, and not for me...

[bridge 1]

—Under stress—
—Under weight—
—Under mined—
—Under done—
—Under served—
—Under manned—
—life's so perplex!!!

[pre-chorus]

Can anyone explain what on earth comes next!!!

[chorus]

Under stars, there's an Under toe
A force so strong, only Under knows
Under us cries an ancient plea
Understand, the good life's not free
...the good life's not free
...whatever happened to destiny

[bridge 2]

...Under traveled ...road to success...
...struggles no end...always one more test...
...Under rated ... but Under scored...
...the hero dies... unless my lion roars...
...yes, the hero dies ...unless my lion roars...
...unless my lion roars...
...unless my lion roars...

[outro]

...the under over only pays...
...if my faith... dares to behave...

Andes Air

[verse 1]

City lights flicker in broken beats
Concrete veins burn from jungle heat
Feelings go cold, pulling me beneath
Chasing fear down like a common thief

[pre-chorus]

I smile to tourists, but cry inside
Running just fast enough to stay alive

[chorus]

I'm suffocating for real Andes air
'Cause it's hard to breathe when living scared
The pain's so sharp and truth so blurred
Thought I had rights to call insanity absurd
I'm suffocating for clean Andes air
My heart racing, gasping for someone to care
Just like Andes air
Just like Andes air

[verse 2]

Bills pile high, debt shadows skyscape
Love reduced to mindless late-night texts
I scroll for meaning, drown in comparison
While each day deletes all sadness and neglect

[pre-chorus]

Voices scream but there's no one home
And when I reach, romance dies alone

[chorus]

I'm suffocating for real Andes air
'Cause it's hard to breathe when living scared
The pain's so sharp and truth so blurred
Thought I had rights to call insanity absurd
I'm suffocating for clean Andes air
My heart racing, gasping for someone to care
Just like Andes air
Just like Andes air

[bridge 1]

— There are moments when I'm full again
— When laughter deflects the rain
— For a second I remember how to feel
— it fills my chest and my dreams reveal!!

[chorus]

I'm suffocating for real Andes air
'Cause it's hard to breathe when living scared
The pain's so sharp and truth so blurred
Thought I had rights to call insanity absurd
I'm suffocating for clean Andes air
My heart racing, gasping for someone to care
Just like Andes air
Just like Andes air

[bridge 2]

— As weight crash's down, my lungs collapse
— No breaths left, just echoes fading to black
— Every gasp burns like thin broken glass
— clawing for surface but I'm sinking fast
— Am I smoldering into carbon and ash?

[chorus]

I'm suffocating for real Andes air
'Cause it's hard to breathe when living scared
The pain's so sharp and truth so blurred
Thought I had rights to call insanity absurd
I'm suffocating for clean Andes air
My heart racing, gasping for someone to care
Just like Andes air

[outro]

What if these lungs filled with pure Andes air
And suffering stopped ... I exhaled ... and life became fair

Kiss Me Asleep

[chorus]

Please Papi... kiss me asleep
before the day breaks
so my eyes don't peak
Please Papi... kiss me asleep
I have blessed the world
Laughter with happy feet
Please papi... kiss me asleep

[pre-chorus]

Let's force boredom to be alone
Watch me snore, a deafening moan
Silence wants a slumber so deep
Nina's dreams are safe counting sheep

[chorus]

Please Papi... kiss me asleep
before the day breaks
so my eyes don't peak
Please Papi... kiss me asleep
I have blessed the world
Laughter with happy feet
Please papi... kiss me asleep

[instrumental solo 1]

[verse 1]

My guardian angel, still full of regret
Worked by men, now is the time to rest
Yet another day, held under the knife
Love has the strength to improve your life

[chorus]

Please Papi... kiss me asleep
before the day breaks
so my eyes don't peak
Please Papi... kiss me asleep
I have blessed the world
Laughter with happy feet
Please Papi... kiss me asleep

[reprise chorus]

Please Papi... kiss me asleep
before the moon shines
and this moment's less sweet
Please Papi... before you're asleep
Remember me walking on two feet
And birthdays where everyone eats
Hey Papi... you're falling asleep
Close those eyes, our family is fine
Farewell the day, big yawns are a sign
My protector... I will kiss you asleep...

[outro]

~~Good night papi... now's your time to sleep~~

[instrumental solo 2]

KING OF THE SUN - SACRED FIRE - LYRICS

All Shall Pass

[verse 1]

Everything you feel, all the anger, all the pain
None of it is real, no good comes from shame

[pre-chorus]

Take a deep breath—touch the hurt inside
Accept why you love so much—then repeat this when you cry

(chorus)

All shall pass ... if you can empty your soul
All shall pass ... one heart is telling us so
All shall pass ... release that which you know
All shall pass...
All shall pass...
Trust and just let go...

[verse 2]

Love isn't threatened, the simple truth never is
Yes, you will survive, a life's meant to be lived

[pre-chorus]

Dare to feel—time's calm wind changing everything
Agony's how we mend—every winter needs a spring

(chorus)

All shall pass ... believe you already know
All shall pass ... life is enough so it goes
All shall pass ... desire nothing you can't grow
All shall pass...
All shall pass...
Trust and just let go...

[bridge]

—see nature bend around the mind
—as dead tree leaves effortlessly fly
—ocean surf that waves to us hello
—mountains revealing all head no toes
—and steep cliffs begging winds to blow!

(chorus)

All shall pass ... recognize dreams as so
All shall pass ... chakras block sacred flow
All shall pass ... heartbreak requires pain I know
All shall pass...
All shall pass...
Trust and let go...
Trust and let go...

[outro]

Meditation's where eternity starts...

Prisoners of Ascension

[intro]

We are Prisoners of Ascension
Higher and higher... relentless we strive...
As together... we reach for our why...

[verse 1]

Forever climbing, no ceiling or end
Heights unseen by mere mortal men
Alone as one voice, bewildered yet on fire
Interpreting the cosmic call like open wires

[pre-chorus]

Restoring Anu's ancient word, see it rise
Prayers nonstop, on this planet we reside!

[chorus]

We are Prisoners of Ascension!
Higher and higher! As together we reach for our why!
Yes, we are Prisoners of Ascension!
In Yahushua's name ... watch us restore the sky!

[verse 2]

Mother, end this tyranny tonight
We trust in you to fight our fight
With gifts of love, let's heal the sick
Thank You Gaia, for the grace to exist

[chorus]

We are Prisoners of Ascension!
Higher and higher! As together.. we reach for our why!
Yes, we are Prisoners of Ascension!
In Yahushua's name ... watch us restore the sky!

[bridge]

~~Alone as one heart... one soul and one flame~~
~~Bewildered but bold... releasing all shame~~
~~a loving army... sublime but yet loyal~~
~~Servants in service... deeds noble and royal!

[chorus]

We are Prisoners of Ascension!
Higher and higher! As together... we reach for our why!
Yes, we are Prisoners of Ascension!
In Yahushua's name ... watch us restore the sky!

[reprise chorus]

We are Prisoners of Ascension!
Higher! and higher! As together... see us claim Her reign!
Oh, we are Prisoners of Ascension!
Stoking raging fire... as Christ's eternal flame

[outro]

We're all in... Prisoners of Ascension...
Higher and higher... existing in past that which is dire
Because as a prisoner... servitude's all the one should aspire

Walk The Bridge

[verse 1]

Time is scarce on the road ahead
Moving as one, no words must be said
Service leads our righteous walk
Teaching others to heal not talk

[pre-chorus]

So that together we elevate like hawks!

[chorus]

Walk the bridge, high character wins
Walk the bridge, communities we'll defend
Walk the bridge, reaching souls far and wide
... healing hearts no matter the side
Walk the bridge...

[verse 2]

Let patience guide each future unknown
As your mind plants seeds until they grow
When chaos comes—stay true—don't bend
Always knowing love triumphs in the end

[pre-chorus]

Servitude's a path most cannot comprehend!

[chorus]

Walk the bridge, high character wins
Walk the bridge, communities we'll defend
Walk the bridge, reaching souls far and wide
... healing hearts no matter the side
Walk the bridge...

[bridge 1]

—I AM the difference in someone's life
—I AM a hero less the naming rights
—I AM here to remove spiritual pain
—I AM love, a servant without shame
—Lord, may your sovereign truth reign!!!

[chorus]

Walk the bridge, high character wins
Walk the bridge, communities we'll defend
Walk the bridge, reaching souls far and wide
... healing hearts no matter the side
Walk the bridge...

[bridge 2]

~~it's not enough just to be alive~~
—Walk the bridge
~~healers must never run and hide~~
—Walk the bridge
~~shine your light in darkened skies~~
—Walk the bridge
~~protecting life, choosing who will survive!!!!

[chorus]

Walk the bridge, high character wins
Walk the bridge, communities we'll defend
Walk the bridge, reaching souls far and wide
... healing hearts no matter the side
Walk the bridge...

[outro]

Just remember... evil cannot survive...
Where love refuses to die...
... so dare to walk every bridge

Vicarious Dream Show

[verse 1]

Capricorn blues
Singing praises in June
Too far, too soon
Alas my flower blooms

[verse 2]

Least of all,
Sugar heaps, candy calls
Sub zero heros
A Lima town overhaul!

[chorus]

So it goes, so it goes, so it goes, so it goes
Whatcha know? Whatcha know? Whatcha know?
Into my vicarious dream show
My vicarious dream show
Oh... oh... oh... oh... oh... oh...
Oh... oh... oh... oh... oh... oh...

[verse 1]

Interview my past
Scandal stones whip
Polluted and maligne
Horror reading the signs

[verse 2]

Buttressed happiness
New math none the less
Captured lifetimes
Bell curves taking tests

[chorus]

So it goes, so it goes, so it goes, so it goes
Whatcha know? Whatcha know? Whatcha know?
Into my vicarious dream show
My vicarious dream show
Oh... oh... oh... oh... oh... oh...
Oh... oh... oh... oh... oh... oh...

[bridge 1]

—twisted knots
—beyond the game
—chilled vermouth
—luke warm aim
—gotta rise from flames!!!

[chorus]

So it goes, so it goes, so it goes, so it goes
Whatcha know? Whatcha know? Whatcha know?
Into my vicarious dream show
My vicarious dream show
Oh... oh... oh... oh... oh... oh...
Oh... oh... oh... oh... oh... oh...

[bridge 2]

~~Rope twisted tight~~
~~Villain's no eyed friend~~
~~Alone like bad debt~~
~~Bullfrog centerfold pet~~
~~Safety cold constitution~~
~~Sad tinsel hang trees~~
~~Screaming repent~~
~~Righteous bent knees—

[chorus]

So it goes, so it goes, so it goes, so it goes
Whatcha know? Whatcha know? Whatcha know?
Into my vicarious dream show
My vicarious dream show
Oh... oh... oh... oh... oh... oh...
Oh... oh... oh... oh... oh... oh...

[outro]

Mountains separate floating salt seas
History immense made by merciful me

Lust

[instrumental solo 1]

[verse 1]

Under a voyeur moon
One bride and one groom
No passion is immune
Drenched like monsoons

[pre-chorus]

Hearts pounding into evening dark
Morning sparks still flying off the ark!

[chorus]

Lust, racing through our veins
Lust, hot blood driving us insane
Lust, running wild through membranes
Lust, no way lovers can abstain
no way lovers can abstain
Boom—Boom—Boom!

[verse 2]

Athletes on honeymoon
Loins dying to kaboom
Wild flowers in full bloom
Quite an aerobic afternoon

[pre-chorus]

Words spoken with circle tongues
Shadows merging to form but one

[chorus]

Lust, racing through our veins
Lust, hot blood driving us insane
Lust, running wild through membranes
Lust, no way lovers can abstain
no way lovers can abstain
Boom—Boom—Boom!

[bridge]

—Quakes roll across every room
—daredevils due at high noon
—here comes an ecstasy typhoon!
—here comes an ecstasy typhoon!

Lust, hot blood driving us insane
Lust, running wild through membranes
Lust, no way lovers can abstain
no way lovers can abstain

Lust, no way lovers could abstain
no way passion could abstain!

Impossible

[verse 1]

At base camp of the summit
where brave hearts wait to climb
Lungs burning, feet on fire
the dream pulling us higher

[verse 2]

The mountain looms mighty
It's shadow daunting and old
every step could be my last
Nature letting man's fate unfold

[pre-chorus]

What if I slip and fall in her deadly cold?

[chorus]

It's impossible
Just impossible
Basic logic openly defied
So impossible
Straight impossible
Who am I to even try?
Flat Impossible
Damn impossible
Please—I don't want to die

[verse 2]

Climbers risk death with pride
Accepting worst case defeat
But glory waits at the apex
A grand legacy and epic feat

[pre-chorus]

I pray I survive and reach my peak!

[chorus]

It's impossible
Just impossible
Basic logic openly defied
So impossible
Straight impossible
Who am I to even try?
Flat Impossible
Damn impossible
Please—I don't want to die

[bridge]

—Odds stacked tall against me—
—oxygen so thin at this height—
—but something cries out within—
—now is my only time to fly—
—packing up ... must go touch the sky!!

[instrumental solo]

[reprise chorus]

Nothing's impossible
Just improbable
Blue heavenly skies a sight
Dare impossible
Deny impossible
How I rose bold to take flight
Hey Impossible
Yes impossible
Today— was not mine to die!
Today— was not mine to die!
Courage won and I met the sky
Living brave's forever my why

[outro]

'Cause impossible's... but a word to defy...

KING OF THE SUN - SACRED FIRE - LYRICS

Higher Creed (Original)

[verse 1]

When dreaming I'm guided to another world
Time and time again
At sunrise I fight to stay asleep
'Cause I don't wanna leave the comfort of this place
'Cause there's a hunger, a longing to escape
From the life I live when I'm awake

[pre-chorus]

So let's go there
Let's make our escape
Come on, let's go there
Let's ask, "Can we stay?"

[chorus]

Can you take me higher?
To a place where blind men see
Can you take me higher?
To a place with golden streets

[verse 2]

Although I would like our world to change
It helps me to appreciate
Those nights and those dreams
But, my friend, I'd sacrifice all those nights
If I could make the Earth and my dreams the same
The only difference is
To let love replace all our hate

[pre-chorus]

So let's go there
Let's make our escape
Come on, let's go there
Let's ask, "Can we stay?"

[chorus]

Can you take me higher?
To a place where blind men see
Can you take me higher?
To a place with golden streets

[pre-chorus]

So let's go there
Yeah, let's go there
Come on, let's go there
Let's ask, "Can we stay?"

[bridge]

—Up high I feel like I'm alive for the very first time
—Set up high I'm strong enough to take these dreams
—And make them mine
—Set up high I'm strong enough to take these dreams
—And make them mine

[reprise chorus]

Can you take me higher?
To a place where blind men see
Can you take me higher?
To a place with golden streets
Can you take me higher?
To a place where blind men see
Can you take me higher?
To a place with golden streets

East Of The Sun Etta James (Cover)

East of the sun and west of the moon
We'll build a dream house of love, dear
Close to the sun in the day
Near to the moon at night
We'll live in a lovely way, dear
Sharing our love in the pale moonlight

Just you and I, forever and a day
Love will not die; we'll keep it that way
Up among the stars we'll find a harmony of life to a lovely tune
East of the sun and west of the moon dear
East of the sun and west of the moon

East of the sun and west of the moon
We'll build a dream house of love, dear
Close to the sun in the day
Near to the moon at night
We'll live in a lovely way, dear
Sharing our love in the pale moonlight

Just you and I, forever and a day
Love will not die; we'll keep it that way
Up among the stars we'll find a harmony of life to a lovely tune
East of the sun, sha-boo-ba-da, west of the moon, dear
East of the sun and west of the moon
West of the moon
