

SIGNS OF LOVE

**Ever seen a humming bird fly faster than your mind
Or watch a shooting star destroy the concept of time
Just think ...
on every loveless day nature puts on an epic display**

(chorus)

**They're all signs of love
Always waiting to be found
Signs of love
Upcountry and downtown
But you must believe or you can't receive
Your signs from love**

**Imagine the patience of a hundred year old tree
I wonder if the ice and snow hates winter like me
True peace ...
has this genuine rush, sometimes I get so lost in its touch**

**They're all signs of love
Always waiting to be found
Signs of love
Upcountry and downtown
But you must believe or you can't receive**

**The sun waking up the day
Or the stars lighting up the sky
Heaven's whenever you feel love
And everything beautiful's a sign**

**Signs of love
Always waiting to be found
Signs of love
Upcountry and downtown
But you must believe or you can't receive
Yes, you must believe or you will never be
Ready for love**
