

“Blue”

[Verse]

So many breaths and endless sighs
Big lake waves always crash to rise
Like faded jeans on vibrant skies
How high does your imagination fly?

[Pre-Chorus]

—Take me to that place
—where beauty rescues grace
—and all sworn enemies embrace!

[Chorus]

Blue! Baby, it's all true
Blue! Life is love renewed
Blue! Just any shade won't do
Just any shade won't do

[Verse]

Travel on winds blowing town to town
At sunset, silence moves without a sound
Then as morning light brings us fresh air
My midnight tulips open fully aware

[Pre-Chorus]

—Lead me from disgrace
—where my innocence is safe
—and judgement won't scold my face!

[Chorus]

Blue! Baby, it's all true
Blue! Life is love renewed
Blue! Just any shade won't do
Just any shade won't do

[Bridge]

... Something borrowed, something new ...
... Spectrums demand your babies too ...
... Rivers and streams flow freely amiss ...
... As daybreak rises for that first kiss!!!

[Chorus]

Blue! Baby, it's all true
Blue! Life is love renewed
Blue! Just any shade won't do
Just any shade won't do
Just any shade won't do

[Outro]

... blue heals until romance starts anew ...
